

## IPA Emerging Leader Program

Who: Iowa poultry and egg industry participants that have a desire to grow and develop into leaders that might shape and grow our industry's future.

Why: To develop tomorrow's industry leaders

Iowa Poultry Association's goal with the Emerging Leader Program is that we will aid in building individuals who wish to contribute to the future of the poultry industry through growth in their own personal careers.

The Emerging Leader Program accomplishes this goal through providing targeted growth and development opportunities for professional development. These opportunities are focused on meeting the needs of the new people in our industry. The program platform provides the industry and its participants an opportunity to:

- Contribute to building stronger professionals for poultry employers
- Enhance industry awareness, knowledge and participation
- Foster the development of a network of Iowa and US poultry industry peers and professionals
- Achieve an *Award of Recognition* for dedication to professional growth

You don't need to already be an established leader in the Iowa poultry industry to apply. You must be committed to engaging in the Emerging Leaders Program as a way to help advance your leadership skills and industry knowledge so you can contribute to a higher degree in your company, state, and national egg industry. You must be 21 years old as of the application deadline.

For information or to apply, go to [www.iowapoultry.com](http://www.iowapoultry.com) or contact Kevin Stiles @ [kevins@iowapoultry.com](mailto:kevins@iowapoultry.com) (515-707-2800)

Deadline for application is November 10, 2018.
